“ *Shaping Future Engineers with Vision, Values, and World-Class Education.* ”

Viswam Group of institutions is one of the leading educational groups in South India. We believe that creating an academic foundation for social, cultural, scientific, economic and technological development in our Nation can mature into Global Interface by giving way to education, exchange in the International territory as well. We aim at establishing benchmarks in academic excellence and holistic grooming to help our students to meet the career challenges in the increasingly globalised economic conditions. Thus, Viswam Group of Institutions has earned good will by our students and society at large.

Sri M. Prabhakar Reddy
Chairman

“ To dream, to think and to achieve—guided by this motive, Viswam Engineering College is striving to pace ahead and touch the culmination of development. Academic excellence, gravity of thought of faculty members, result oriented students and excellent placements are the salient features of VEC. Academic excellence will always be the loadstar of every effort to provide the students the best available pedagogical help. This will certainly aid students to procure the best placement options which are also one of our priority considerations. To substantiate the dream recognition, it is necessary to capitulate on the current trends. I hope the sincerity of our efforts, the nobleness of our dreams and accuracy of our vision will make this institution a world class. ”
